NEW NISSAN JUKE, THE COUPE CROSSOVER catches the eye from any angle. Its dynamic, sports-inspired design and coupé styling make a powerful statement wherever it goes. Advanced technology – including ProPILOT driving assistance – keeps you in control, connected and entertained for thrilling urban adventures. **THERE'S A NEW KID IN TOWN.**

Images and descriptions shown are for guidance purpose. In some instances photos are of non-local specification vehicles and do not represent a specific model, grade or offer. The features shown may not be available or may only be available as an option. Features available depending on version, as standard or only as option (at an extra charge).

TECHNOLOGY THAT'S GOT YOUR BACK.

Nissan Juke gives you a better ride through life. Advanced Nissan Intelligent Mobility technology gives you more confidence and more connection to the world around you. When activated, ProPILOT* technology moves with you, silently adapting to the way you drive, keeping an eye out and stepping in to steer, brake or accelerate when it counts.

*ProPILOT is available on a limited range of vehicles. ProPILOT is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT is intended for "Eyes on/ Hands On" for motorways only (road separated by Barriers). It is the driver's responsibility to stay alert, drive safely, apply speed limits and safe speed based on road conditions and remain in control of the vehicle at any time. Only on DCT gearbox.

CATCH EVERY EYE

Every detail of new Nissan Juke's exterior is made to be looked at. Inspired by the dynamic boldness of the original JUKE and Nissan's sporting heritage, its coupe crossover style was created to turn heads. 19" alloys give Juke an impressive stance. To make a statement. To say you've arrived.

LARGE, CLEAR TFT* INSTRUMENT PANEL

New Nissan Juke's Advanced Drive-Assist Display gives you the information you need right where you need it.

FIND YOUR PASSION

New Nissan JUKE's interior is designed around you - with high-quality finishes, ergonomic controls and ambient lighting, New JUKE puts you in the mood for driving. The intuitive, layered cockpit design keeps you safe, in control and ready to enjoy the ride.

ProPILOT*. THE FUTURE IS NOW

With Nissan ProPILOT, you're never on your own. Available on models with DCT gearbox, it's always working in the background when activated, keeping an eye on the road. You just drive the way you always drive, but now you know Nissan JUKE is ready to help with braking, steering or accelerating to keep you safe, on track and in control when it really counts.

*ProPILOT is available on a limited range of vehicles. ProPILOT is an Advanced Driver Assist technology but cannot prevent collisions. ProPILOT is intended for "Eyes on/ Hands On" for motorways only (road separated by Barriers). It is the driver's responsibility to stay alert, drive safely, apply speed limits and safe speed based on road conditions and remain in control of the vehicle at any time. Only on DCT gearbox.

REAR CROSS TRAFFIC ALERT.*

Avoids collisions with approaching vehicles when reversing

Rear cross traffic alert is intended to warn the driver and cannot stop contact with other vehicles or substitute for proper reversing check procedures. The system may not detect every object. Driving and vehicle conditions apply. Always drive carefully, ensuring you pay attention to the road and conditions around you.

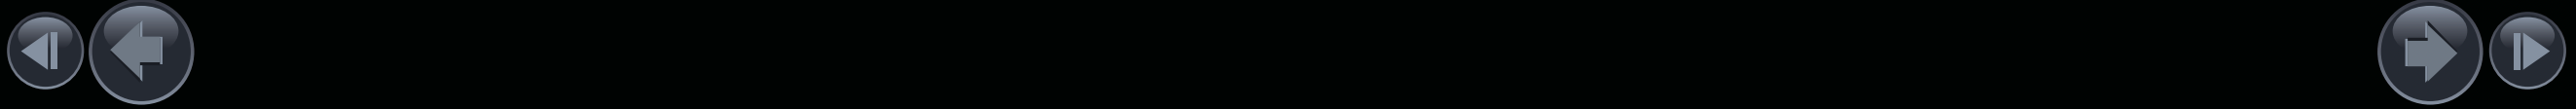

**INTELLIGENT AROUND VIEW MONITOR*
PARK LIKE A PRO**

If you hate parking, you'll love new Nissan JUKE. The Around View Monitor gives you a 360° view of your car, with selectable focus on the front, rear and kerbside view to help you park with confidence and control.

- REAR CAMERA.**
See what's right behind you
- RIGHT SIDE CAMERA.**
Flick the switch to see the kerb.
- ALL-AROUND VIEW.**
Get a virtual 360° birds' eye view as you manoeuvre
- FRONT CAMERA.**

A SMARTER ROAD AHEAD.

New Nissan Juke is packed with intelligent driving technologies* designed to help you move through life with more confidence, more excitement and more connection to the world around you.

E-CALL
This system will automatically call emergency services in case of a road accident, anywhere in Europe.

INTELLIGENT EMERGENCY BRAKING WITH PEDESTRIAN RECOGNITION
Brakes to reduce low-speed collisions with vehicles, pedestrians or cyclists.

BLIND SPOT INTERVENTION**
Alerts you if there's a vehicle in the blind spot area on either side of the car and brings you back into line.

TRAFFIC SIGN RECOGNITION
Keeps you up to date with the latest speed limit by detecting road signs as you go.

INTELLIGENT LANE INTERVENTION
On motorways and dual carriageways Intelligent Lane Intervention can gently brake to help guide you back into lane if it detects that you've unintentionally strayed for too long.

HIGH BEAM ASSIST
High Beam Assist helps out with night vision without blinding your fellow drivers. It automatically turns on the high beam headlights when you need them and switches to low beam when it detects an oncoming vehicle.

6 STANDARD AIR BAGS.
When a collision is unavoidable, Nissan's Zone Body Construction helps absorb the impact, while the advanced seat belt and air bag systems help protect passengers.

*You should not rely solely on driver convenience features. Some features may not work in all conditions and circumstances. Speed and other limitations apply.

**Features available depending on grades, as standard or only as option.

A SMILE ON YOUR FACE

From the responsiveness of its lightweight turbocharged engine to quick reaction shifting. From the rigid, ultra-high strength steel chassis to the sporty steering and suspension, Nissan Juke handles like a dream. Add technologies* and driver modes to maximise precision and control, then check out that smile on your face!

STANDARD MODE/ECO MODE/SPORT MODE*.** Select ECO for enhanced fuel efficiency, Standard for the best balance between fuel efficiency and performance, or Sport for maximum thrills.

PADDLE SHIFT.** Responsive paddle gear change for a more fun, more engaging driving experience.

MANUAL OR DCT TRANSMISSION. Choose the 6-speed manual transmission or the automatic 7-speed DCT for smooth, quick changes and manual mode for total control.

INTELLIGENT TRACE CONTROL.

Keeps you on the right line by applying the brakes to each wheel independently.

INTELLIGENT RIDE CONTROL.

Delivers a smoother drive by controlling the engine and brakes to avoid pitching when accelerating and driving over bumps.

NissanConnect Services

*Not all features available on all grades. NissanConnect Services are available from SV Premium grade upwards. The apps function and responsiveness can be impacted when the car is in an area of low signal. For optimal use, please make sure your car is under good network coverage.

**Use of NissanConnect should only be done when the car is parked safely. Drivers should only use the system when it is safe to do so. Users should be aware of the potential for hands-free technology to distract attention from the road, which could impact on having full control of the vehicle.

Availability of NissanConnect Services features will vary by grade.

INTELLIGENT. INTUITIVE. INFORMED.

When inside your car, connect your phone to start using your preferred apps thanks to Apple CarPlay® and Android Auto. When outside, check in on your new Nissan Juke using the NissanConnect app and lock/unlock it from anywhere.

YOUR MUSIC. YOUR WAY

Use Bluetooth streaming audio or the USB input to play music directly from your smartphone.

*Amazon, Alexa and all related marks are trademarks of Amazon.com, Inc. or its affiliates.

The feature responsiveness and use can be impacted when the car is receiving a bad signal. For optimal use, please make sure your car has good network coverage.

Connecting a mobile phone to use NissanConnect should only be done when the car is parked safely. Drivers should only use the system when it is safe to do so. **AT NISSAN,
WE FOCUS
ON QUALITY.**

It comes first in everything we do, in the lab and the design studio, the factory and our dealerships and in our relationship with you. We try, retry and try again. Because everything we do is mastered through experience. We call it Nissan Quality.

360° PROCESS

We build in quality from the outset, meticulously conceiving each car to make them more comfortable and more durable through innovative design, intelligent technology and thoughtful details inspired by you.

SAFETY

We work with our intelligent driving systems to constantly look out for you and help you avoid any mishaps for a bolder, more confident driving experience day after day. Our Around View Monitor uses 4 cameras to give you a virtual birds eye view of your car in its surroundings.

EXTREME RELIABILITY

We push our cars to the limit to guarantee their daily performance and reliability. We travel millions of kilometres in pre-production tests, open and close doors and bonnets thousands of times a day and use real volcanic dust from Japan to test window resistance.

SERVICE CONTRACTS

Give your Nissan Juke the care it deserves with a Nissan Service Contract and save money in the long run. Nissan Maintenance Contract covers all the scheduled operations recommended by Nissan and specified in the Nissan Official Service Manual. Subscribing to a Maintenance Contract allows you to know from the start how much your maintenance will cost and protects you against price inflation. In addition to the scheduled operations, you can benefit from the replacement of wear and tear parts such as wiper blades, brake pads or suspensions by subscribing to a Full Maintenance Contract. Select the duration that covers your needs and benefit from the use of Nissan Genuine Parts fitted by our trained technicians, at a discounted price. A well maintained vehicle has a greater resale value. If you sell your Nissan before your coverage expires, the Service Contract will be transferred to the new owner. So do not wait any longer and subscribe to a Nissan Service Contract for extra peace of mind!

EXTENDED WARRANTY

Nissan Extended Warranty gives you the opportunity to extend the 3 Years/100,000 km warranty for a longer period or mileage. Select the contract that best suits your driving usage. In case of a repair, only Nissan genuine parts will be used and fitted by Nissan trained technicians.

NISSAN JUKE COMES WITH:

3-YEAR WARRANTY OR 100,000km New Vehicle Warranty (whichever comes first)

Yearly or 20,000km service interval for petrol engines

AT NISSAN, YOU BRING OUT THE BEST IN US.

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design cars, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.

Nissan Intelligent Mobility moves you one step ahead. In cars that feel like an extension of you, helping you see more and sense more, reacting with you, and sometimes even for you. Nissan Intelligent Mobility is about a better future – moving us to a world that's safer, more sustainable, and exciting.
